

MATES 2014

12TH GERMAN CONFERENCE ON MULTIAGENT SYSTEM TECHNOLOGIES

STUTTGART, GERMANY, SEPTEMBER 23-25, 2014

<http://www.mates2014.de>

<https://www.easychair.org/conferences/?conf=mates2014>

The MATES conference series aims at the promotion of and the cross-fertilization between theory and application of intelligent agents and multiagent systems. It provides an interdisciplinary forum for researchers and members of business and industry to present and discuss latest advances in agent-based computing with prototyped or fielded systems in various application domains.

IMPORTANT DATES

Deadline for Paper Submission:	April 30, 2014
Notification of Acceptance:	June 6, 2014
Deadline for Camera-Ready Paper:	June 24, 2014

TOPICS OF INTEREST

MATES 2014 covers all areas of intelligent agents and **multiagent system technologies**. For a detailed list of topics, we refer to the MATES 2014 web page.

An Innovative Application Track is planned covering the **fields of automation technology, traffic and transport, as well as smart grid**. MATES 2014 will also host a Doctoral Consortium to support young researchers of this broad field in their PhD studies.

PROCEEDINGS

The workshop proceedings including all accepted papers (short and regular) will be published by Springer as a volume in the *LNAI series (Lecture Notes in Artificial Intelligence)*.

PAPER SUBMISSION

Submitted papers, which have to be in English, must not exceed 14 pages in Springer LNCS style. Submissions are expected to report on new research that makes a substantial technical contribution to the field. In particular, submitted research must be unpublished and not under review in any other conference or journal.

Paper submissions to MATES 2014 will be handled through Easychair (URL above).

CO-CHAIRS

Prof. Dr. Jörg P. Müller (Technische Universität Clausthal, Germany)
Prof. Dr. Michael Weyrich (Universität Stuttgart, Germany)
Prof. Dr. Ana Bazzan (UFRGS, Brazil)
